The Dalton Adding Machine plant, one of Southeast Missouri's big and valuable enterprises is to be moved from Poplar Bluff.

Girardeau, which was closed a short time ago on account of some bad paper it was carrying, has been re-organized and opened its doors for business. March 18. Hon. Wm. B. Schaefer of Jackson has been elected president and George S. Summers cashier. It is gratifying to the people of all southeast Missouri to know that this institution is in shape to resume business.

Exec. Leader.

Last Tuesday morning while Mmes. A. Wilson and John Wilson of this city were driving to Idaho to visit friends, the mule which they were driving mired down in a bad mud hole at the Galloway schoolhouse and became tangled in the harness and before it could be gotten loose had drowned. This does not speak very well for our public roads.

Bloomfield Vindicator.

Carl Weber, president of the re-organized City Bank, paid into the county treasury last Monday the balance of the \$85,500 which the county had on deposit with the City bank at the time that institution closed its doors. The fact that the county has been paid in full together with interest on the deposit reflects great credit on the gentlemen who have charge of the winding up of the affairs of that bank.

Prof. W. H. Browder, president of the Franklin Female college, Franklin, Ky., was here the first of the week looking over the Marvin college equipments and prospects for its future. Prof. Browder is being solicited by the board to take charge of the College next year. He was highly pleased with equipments and will probably accept the position. We are informed that there are four teachers in the family and he will not be worried so much about competent help.
